IN submitting our Annual Report we would make a few brief remarks, relative to the condition of County matters. The County has been very unfortunate in the destruction by fire of the County Farm Buildings, which occurred the twenty-third day of November, last; by which fire, not less than \$10,000. worth of property was destroyed, including a large amount of provisions and supplies for the use of the inmates of that institution; three hundred bushels of Corn, six hundred bushels of Potatoes, Beans, Pork, Hay, Grain, &c., &c.,—the product of the County Farm. The property was partially covered by Insurance in the North British and Mercantile Insurance Co. for \$4,700., which was promptly paid. By this misfortune a large number of invalids and unfortunates were turned out of doors on a very cold day, requiring immediate action to procure for them comfortable quarters, which we secured in the neighborhood, in the large and commodious farm house of Mr. Thomas E. Ladd, which we hired at a reasonable rent. It required considerable out-lay to put affairs in running order, which has been done with as little unnecessary expense as could be under the circumstances. And we submit our Report with the full consciousness that we have done what we believed to be for the best interests of the County.

The expense of Paupers supported off the Farm is larger than last year, owing to the settlement of several continued Pauper and State Reform School cases, which properly belonged to the expense of former years. There has been 56 applications the present year, against 26 last year, which was thought to be an unusual large number.

In closing, we would express our satisfaction in the management of the County Farm, by our Agent, W. S. WOODMAN AND WIFE, who seem admirably adapted to manage that Institution with perfect order; and deem it fortunate for the County, that we have again secured their services for another year.
